What is CAPP?

Community Assisted Party Program

Designed to:

- ✓ reduce nuisance behavior at chronic party houses
- ✓ enhance the quality of life in residential communities by reducing neighborhood disruption caused by residents who host large or loud parties
- ✓ place tenants and owners on notice that future police response could result in civil penalties including cost recovery and administrative fees
- ✓ empower residents to utilize existing nuisance statutes to seek civil remedies through the courts

How Does a Residence Get Capp'd?

Satisfying any one of the following criteria could result in a CAPP designation:

- ✓ an alcohol-related arrest resulting from a party call
- ✓ 2nd police response to the same party within 24 hours
- ✓ 2nd police response to the same residence within 31 days for a party-related call
- ✓ citizen recommendation corroborated by supporting data

(858) 552-1717 to report an address for CAPP consideration

A Residence is CAPP'd. Now what?

- ✓ owner and resident are notified
- ✓ officers receive notification while enroute to a call that the address has been CAPP'd
- ✓ zero-tolerance enforcement posture
- ✓ cost recovery for 2nd response
- ✓ CAPP designation expires after one year and is attached to the property, not the tenant
- ✓ party/gathering = 5 or more persons

Cost Recovery

51.1004 SDMC – Police Services at Large Events Requiring More Than One Response

When a large party, gathering or event occurs on private property and a police officer at the scene determines that there is a threat to the public peace, health, safety or general welfare, the person(s) responsible for the event will be held liable for the cost of providing police services for the special security assignment during a second response by the police after the first warning, to control the threat to the public peace, health, safety or general welfare.

The return call, or second call, may also result in the arrest and/or citation of violators of the state penal code or other local regulations.
